Worcester Hospital's website: www.worcesterhospital.org
(the “Company”)

VISITOR’S CONFIDENTIAL UNDERTAKING

1. The Company has agreed to permit You access to its online clinical practice tools, clinical protocols and potentially confidential patient information at https://www.worcesterhospital.org (the “website”) strictly on the terms set out below. By signing this Confidential Undertaking, You accept and agree without reservation to all these terms.

2. You may during your visit to the website see, hear or read information about the Company. You may be given access to documents in hard form or electronic form that contain information about the Company. All of this information is strictly confidential to the Company (the “Confidential Information”).

3. You agree, promise and undertake that except with the written permission of the Company, You will not use yourself or disclose to any third party any part of the Confidential Information.

4. You must not make any notes or copies of any documents without the Company’s prior written permission.

5. You must not attempt to access any restricted areas without prior written permission of the Company and You must follow all directions given by officers and employees of the Company.

6. You are not to do or omit to do anything which could reasonably be expected to lead to a breach of patient confidentiality.

7. You acknowledge that if You breach your obligations and undertakings in 3 above the Company may suffer substantial loss and damage, for which loss and damage You are responsible.

I electronically ACCEPT AND AGREE, by having checked the appropriate box on the website registration form, to all of the above terms as being the conditions on which I have been permitted to access the website.
